Dear Mr. Price:

Re: Title V Operating Permit Fees for 2019 Emissions
Zilkha Biomass Energy, LLC
Facility Number 104-0028

Enclosed is an invoice for the fees due for the emissions that you reported to this agency. The emissions fee rate is \$65.00 per ton of pollutant emitted. Please note that this is a lower figure than last year's amount, which was \$69.00 per ton. This rate reflects the projected amount needed to operate the Title V Operating Program in FY 2021. As is noted on the invoice, the fees are due by November 2, 2020.

We will continue to inform you by March of each year of our best estimate of the fee due the next October.

If you have any questions concerning this matter, please contact Corey Ohme at 334-271-7883.

Sincerely,

A handwritten signature in cursive script that reads "Ronald W. Gore".
