Reason for Call: permit toxicity testing requirements		
Summary of Conversation		
<p>The Tensaw Shores WWTP permit requires toxicity testing in the month of September. The permittee submitted toxicity reports indicating that toxicity testing was conducting in October instead of September in 2018, 2019, and 2020.</p> <p>Mr. Hogeland indicated that testing was conducted in October in error. Mr. Hogeland indicated that the testing lab has been made aware of the error, and future toxicity testing would be conducted as required by the permit.</p>
