**Re: Beneficial Use – Buford L Bryant Wastewater Treatment Plant (Mobile County)  
Generator Registration Renewal BUG0000-033179-21**

Dear Mr. Ard:

The Buford L Bryant WWTP's registration renewal is complete for this year's registration cycle. Please take note of the new registration number and discontinue use of the previous year's registration number. Since the expiration date for the registrant's annual registration has expired while the renewal was being processed, the registrant's 2020 registration has been administratively extended to the issuance date of the enclosed registration, as to avoid any lapse in registration coverage. The enclosed Registration is in effect pursuant to all requirements of Alabama Department of Environmental Management (ADEM) Administrative (Admin.) Code div. 335-13 and expires on March 31, 2022. Buford L Bryant WWTP can handle byproduct materials for the sole purpose of beneficial use land application in accordance with the conditions of the enclosed registration and ADEM Admin. Code div. 335-13. Specific requirements for the generation of by-products for the purpose of beneficial use are found in ADEM Admin. Code chap. 335-13-16.

Please be reminded that the annual renewal of registrations, with applicable fees, and annual reports are due no later than February 28<sup>th</sup> each year in accordance with ADEM Admin. Code r. 335-13-16-.06(1). The issuance of this Registration does not exempt the generator, distributor, nor end user from compliance with other applicable regulatory requirements when managing or beneficially using a by-product under these regulations, in accordance with ADEM Admin. Code r. 335-13-16-.04(3)(d).

If you have questions about this registration, please contact Cody Ennis at 334-271-7948 or by email at [cody.ennis@adem.alabama.gov](mailto:cody.ennis@adem.alabama.gov).

Sincerely,
